## FINANCIAL AND COMMERCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Etc.

These Are Closing Sales Each Day.

New York, Aug. 31.—Except for some rather active selling in to-day's stock market of sugar and People's Gas there was not a particle of animation. Among those to show notable firmness were Southern Pacific, New York Central and Baltimore and Ohio. The movement in Sugar was about equally independent of the news of the day and was upparently due to realizing on the adance in the refined product, which was nade yesterday. The Tobacco and Frooklyn Transit stocks were weak during the morning, but partly recovered ater in the day. Chicago Terminal, preered, lost 24 per cent; Union Bag referred, 196 and National Steel, preorded 114. Consolidated Gas advanced per cent, on its transactions, when he announcement was made of a declaration of quarterly dividend of 2 per ent. on the stock, thus restoring the ate prevailing before the recent local as war. Pennsylvania suffered somethat from the effect of its statement of arnings for July. The St. Paul and maha also returned a large decrease i gross earnings for July. The Chesacake and Ohio showed a handsome net orease in earnings for July, as all of the coal roads have done.

Money market conditions, consisting an easing of the London discount rate and the promise of a strong bank statement of the coal roads have done.

Total sales per value, \$635,000.

U. S. old 4's declined ½c. In the bid tee.

New YORK COTTON MARKET.
New YORK Aug. 21.—The cotton market appened 120 points higher on strong cables, but ruled exceptionally quiet with subsequent variations. The exception was Beptember, which inherited special strength from the August deal and advanced 14 points, subsequently losing 3 points of this gain. The August corner at Liverpool having finished at an advance of 124-64 sellers increased the saxisty of the sinort interest as being possibly a forecast of the continuation of bull tactics in September, to which the exceptionally low stock and the small receipts of new cotton, with high regist raises and scarce tonnage, lond
